

DAMAGE BY NEBRASKA TORNADO

Three Persons Are Killed
and Number Injured in
Storm Wreckage

MUCH HARM RESULTS

Cloudbursts and Heavy Winds
Add to Terror of Storm
Swept District.

Bancroft, Neb., April 24.—A cyclone swept through Cumming county and into Thurston county at noon Thursday. Three people are known to have been killed, a number were injured and a number of houses were destroyed. Telegraph and telephone wires are down and reports are slow in arriving.

The tornado struck the house of John Mangleson, near Pender, Neb., and then swooped up in the air taking the wreckage of the house and both Mr. and Mrs. Mangleson. Both were killed, their bodies being carried a mile.

The dead body of a little baby was picked up in the public road 10 miles from Bancroft. The child has not been identified, but undoubtedly was brought by the cyclone from some residence which was wrecked.

A heavy downpour of rain and hail followed the cyclone, which swept northeasterly toward the Winnebago Indian reservation, where much damage is supposed to have been wrought, the houses being of the most flimsy character.

At Ft. Smith, Ark., April 24.—The climax of four weeks of almost incessant rainstorms was reached about 5 o'clock Thursday afternoon when the city was visited by the most terrific tornado, accompanied by a cloudburst and hailstorm, experienced in years.

The lightning was terrific. The storm which came from Oklahoma was severe in the west end of the city. It continued about 20 minutes and passed to the northwest.

In Southern Kansas. Joplin, Mo., April 24.—A tornado accompanied by a cloudburst, visited this city Thursday afternoon and did considerable damage. Trees were blown down, awnings were torn off and several residence roofs were lifted.

A number of mining derricks were blown down. Spring river is rising rapidly and mining property in the Badger-Peacock district northwest of Joplin is deluged.

At the Big Three mine, which has twice caved in during the past few weeks, the ground went down again yesterday afternoon, and the underground workings of the property were flooded, the men being forced to the surface to escape being drowned.

In Iowa. Des Moines, Iowa, April 24.—Central Iowa was visited Thursday night by a small tornado accompanied by hail. Material damage was done to some of the fruit. Numerous telephone wires were torn down and considerable property damaged. Hundreds of window lights in Des Moines were broken by large hail stones and trees were blown.

In Texas. Paris, Tex., April 24.—Twenty-five residences, practically the eastern half of Deport, a town 20 miles southeast of Paris, were destroyed by a hurricane about 6 o'clock last evening. The cotton oil mill, Baptist and Presbyterian churches suffered a like fate. W. R. Isbell, a druggist, was crushed to death in his residence when it collapsed. His wife and four children saved themselves by running to the stormhouse.

Paris, Texas, April 24.—The eastern half of Deport, near here, has been destroyed by a cyclone. Twenty-five residences, cotton oil mill, Baptist and Presbyterian churches were destroyed. W. R. Isbell, druggist, was crushed to death in the collapse of his residence. Six persons are injured. Oak Grove is almost destroyed, but no loss of life is reported from there. Three negroes were killed, three whites injured and several houses destroyed at Rice, Texas.

CLEVELAND'S NEPHEW JAILED. Toledo, O., April 24.—William N. Cleveland, nephew of former President Cleveland and a junior member of the firm of Houston & Cleveland, of Columbus, was sentenced yesterday as a Bridge Trust agent to pay a fine of \$500 and serve five days in jail.

ADJOURNS HISSING GOVERNOR

Legislature of New York
Ordered Back by Chief
Executive

TUMULTUOUS SCENES

Hughes Will Take the Stump in an
Effort to Have People Line Up
Their Representatives.

Albany, N. Y., April 24.—The assembly adjourned yesterday afternoon amid tumultuous excitement. Someone proposed "Three cheers for Governor Hughes." The response was a storm of groans and hisses. The band came to the rescue with "Hail to the Chief," and the assembly laughed derisively. In his retiring speech Speaker Jimmy Wadsworth said that 17 bills recommended by Governor Hughes had been passed and he thought that might be called recognition of the executive. In the senate an interesting episode was Tom Grady's valedictory. The minority leader announced that he would not return again.

In frenzied chagrin Governor Hughes smote back at his exultant enemies, who boasted of mastery, by ordering them back in extraordinary session May 1.

Meanwhile Mr. Hughes will take the stump, especially in the Niagara-Ontario district. He is expected to flay his opponents mercilessly at least until they return here next month to obey or reject his commands.

So ugly are both Republican and Democratic leaders over the "call back and down" that they assert there is little chance of putting through the anti-race, gambling, direct nominations, Massachusetts ballot and other bills the governor has been prodding them to pass since last New Year's day than in the regular session.

The legislature of 1908 finally adjourned yesterday, amid shrieks of "Raus Mit Him," "Boo, Boo, Boo," and other ebullitions of contempt for Governor Hughes, after having strangled practically every act of vital import the executive demanded.

President Cabrera Has Officers and
Cadet Guards Shot For Com-
plicity in Plot.

City of Mexico, April 24.—Fighting is threatened between Guatemala and Honduras over an attempt in Guatemala City upon the life of President Cabrera, who from the first suspected the Honduran government of complicity in the assassination plot.

Dr. Bustillo, Honduras minister at Guatemala City, has gone into hiding. President Cabrera has notified the foreign diplomatic representatives at Guatemala City that the captain and ensign of the cadet guards, which attempted to kill him, were court-martialed and shot, that 14 more cadets were shot during the next two days, and that eight of the men under sentence of death for last April's attempt at assassination were also executed.

FLYER DITCHED

WHILE RUNNING AT RATE OF
TWENTY-FIVE MILES AN HOUR
IN NEW YORK.

Twenty Persons Were Thrown From
Berth, and Injured But None
Were Fatally Hurt.

Canisteo, N. Y., April 24.—The Chicago limited express on the Erie was ditched at the station here this morning while going 60 miles an hour. The train does not stop here. Every car except the rear Pullman left the rails, but the coaches remained upright. Twenty persons were thrown from their berths and badly bruised. Engineer Vandermark stuck to his post. No one was fatally hurt.

AUTO AND OCCUPANTS GO OVER BRIDGE.

SCENE OF AUTOMOBILE ACCIDENT ON BRIARCLIFF COURSE. JAMES D. RYALL

New York, April 24.—Four men were injured, two of them seriously, as a result of a racing automobile crashing through a bridge railing and dropping seven feet into a brook on the Briarcliff course, over which a 320 mile race takes place today. The accident happened a mile from Eastview railroad station.

The seriously injured are James B. Ryall, of No. 325 West Ninety-third street, a daring automobile racer who has figured in many sensational accidents, and Robert Murray, an employee of the Metropolitan Skating rink, who lives at the Hotel Lincoln, New York City. The slight-

ly injured are William Robertson, brother of George Robertson, who is to drive a Panhard automobile in the Briarcliff race on Friday and who received numerous bruises and scratches, and Charles D. Weed, an employee of A. G. Southworth, New York agent for the Matheson auto-

mobile. The charge of theft of \$22 from the foreigner on the night of the murder, and were bound over to the Common Pleas court in the sum of \$300 each.

ROUMANIAN CONFESSES TO THE HURLEY MURDER

Chief Zergiebel Secured Clue Which
Led to Prekogan Breaking Down
and Confessing to Crime

Claims That Hurley and Two Women Had Robbed
Him and That One of Them Also Shot
Off Revolver.

George Prekogan, the Roumanian who was arrested Wednesday morning charged with the murder of Matt Hurley at the house of Mary Thompson, 28 East street, South Newark, on Tuesday night, has confessed the shooting and is now resting in the county jail awaiting his hearing.

The first intimation that Prekogan was connected with the affair, aside from the identification of him by Mary Thompson and Sadie Target on the night of the murder, was discovered by Chief Zergiebel Thursday afternoon when he was in conversation with a Roumanian station keeper who claimed that Prekogan was seen by him on a train coming into Newark from Fredericktown. This statement put a hole in Prekogan's story to an Advocate reporter in which he claimed that he had been at home all right Tuesday when the murder occurred.

Acting on this statement, Chief Zergiebel held a long secret session with the accused man Thursday afternoon at which time Prekogan broke down and admitted that he was at the Thompson house, and did the shooting. He claimed that the inmates of the house, the Thompson and Target women and Hurley, attempted to rob him and, in fact, succeeded in getting away with \$22 of his money. He claimed that he had possibly \$28 or \$29 on him when he went into the house, but that he fell asleep and when he awoke his money was gone.

Prekogan claims that as soon as he discovered the loss of his money he told them that they would have to return it. After a few words, he says, the white woman, Sadie Target, pulled a revolver and shot, but he did not state positively that she shot at him. At this juncture Prekogan claims that he made a rush for the door and that after reaching the door he turned and shot into the house.

The revolver that Prekogan used in the shooting was found by Chief Zergiebel at the boarding house of the man in Wehrle's addition, Friday forenoon. The revolver is a .38 caliber "H. & A." (Hopkins & Allen) and was left with the proprietor of the boarding house by Prekogan after the shooting. At first the man claimed that he lost the gun while running from the house, but after insistence on the part of his inquirers, he ad-

mitted that the gun had been left in West Newark.

The revolver which was found in the trunk of the Thompson women, which had one empty shell in it, was submitted to tests Thursday by the chief. A shot was fired from it and it was laid aside for about 24 hours. Then the empty chamber was compared with the one that was found empty when the revolver was at first taken by the police. Both looked the same, showing that the other shot could have been fired within 24 hours of the finding of the gun.

The coroner's inquest was to have been held at 11:30 Friday, but was postponed until late in the afternoon on account of other investigations being conducted.

Prekogan's hearing, which was set for Friday morning, was postponed until late in the day and may be had this afternoon at which time his statement will be taken.

Prekogan was closeted in the waiting room of the county jail for two hours Friday morning, when he made his voluntary statement to Assistant Prosecutor Frederic M. Black and Chief of Police Zergiebel, the statement being made through Adam Berra and John Popaior, professional interpreters.

It is reported that the condition of the Target woman is quite serious from nervousness, and she appears to have become much excited since the reaction from the affair set in.

The funeral of Hurley was conducted at the Criss Bros. & Jones parlors at 2 o'clock Friday, in the presence of the dead man's family. The services were conducted by the pastor of the A. M. E. church, the Rev. John Coleman. Interment took place at Cedar Hill cemetery.

HELD WITHOUT BOND. At 2:30 this afternoon Prekogan and the Thompson and Target women were brought before Mayor Atherton. The charge of shooting to kill made against him by Jay Hurley, brother of the murdered man, was read to Prekogan by Mayor Atherton, and interpreted to him by John Popaior.

The defendant was without counsel but waived examination and was bound over to the next grand jury without bail.

The two women were arraigned on

COMMANDER PRESENTED WITH GAVEL

Used by British Admiral
Lord Nelson--Gift of
City of Santa Monica

BIG AUTOMOBILE PARADE

Officers and Men of Fleet Enjoy-
ing Themselves in Beautiful
City of Los Angeles.

Los Angeles, Cal., April 24.—The principal feature of the day's fleet fetes was an automobile parade for 250 officers which occupied the entire day. More than 75 machines were in line. Admirals Thomas, Sperry and Emory and all of the captains of the fleet were in the first machines, in which also were Mayor Harper and other prominent men of the city.

At Santa Monica a presentation ceremony of unusual interest was held. The city of Santa Monica, through Mayor Dudley, presented to Admiral Evans a historic gavel used by Lord Nelson, the British Admiral. Admiral Thomas, in a graceful speech, accepted the present on behalf of the commander-in-chief. The gavel was formerly owned by C. W. Petit and was acquired by him in England several years ago. The piece is of bronze, and on its side are the words, deeply engraved: "Horatio Nelson—Victory." It is said to have come originally from one of the sailors of Nelson's fleet.

The different beach cities are planning interesting programs today which have been set aside as "Beach Day."

Many of the ships are receiving large delegations from the different state societies in Los Angeles. Former residents of Georgia, Kentucky, Alabama and other states have visited the various ships named after their respective states.

The Kentucky delegation, which has been trying for two days to get off to the Kentucky at Redondo and have been prevented by the beach storm, are due to make another attempt today.

Washington April 24.—Orders have been issued at the Navy Department detaching Rear Admiral Charles M. Thomas from duty as commander of the second squadron on board the battleship Minnesota to duty in command of the United States Atlantic fleet on board the Connecticut. This change is to take effect on May 9, when Rear Admiral Evans is relieved.

Rear Admiral W. H. Emory is discharged from command of the second division, first squadron, and will command the fourth division, second squadron.

Captain Seaton Schroeder is detached from the command of the Virginia to the command of the second division, first squadron. Captain Alexander Sharp is relieved from duty at the Washington Navy Yard and will take command of the battle ship Virginia.

HONEYMOON CUT SHORT

DUKE DE CHAULNES DEAD IN
PARIS ACCORDING TO PRI-
VATE DISPATCHES.

Was Recently Married to Miss Theo-
dora Shonts, Whose Parents
Will Go to Paris.

New York, April 24.—Private dispatches received by a Wall street brokerage house today state that the Duke de Chaulnes, recently married to Theodora Shonts, daughter of Theo. P. Shonts, is dead in Paris. A similar telegram was received by Mr. and Mrs. Shonts. It read: "De Chaulnes died suddenly last night." Shonts and his wife will leave at once for Paris.

Later information was that the Duke de Chaulnes was found dead of heart disease in his bed beside his wife, at the Langham Hotel, in Paris, where they were making their temporary home. He was not known to even be ill.

MME. GOULD

HAS ARRIVED AT NAPLES AND
WAS MET BY DE SAGAN WITH
WARM WELCOME.

Believed in Naples That Arrange-
ments Have Been Made for an
Early Wedding.

Naples, April 24.—Mme. Anna Gould has arrived at Naples where Prince de Sagan has been awaiting her. The prince was on the dock when the Frederick Der Grosse drew in. He hurried up the gangplank, met Mme. Gould on dock and was evidently graciously received. He kissed the American woman's hand and escorted her to a waiting automobile. Both went to the hotel where Mme. Gould's apartments have been engaged. It is believed that arrangements are being made for an early wedding.

PERILOUS VOYAGE OF BALLOONISTS

President's Son Has Ter-
rifying Experience in
Gas Bag Flight

HUNG ON THE OUTSIDE

Air Craft Relieved of Weight
Bounded Back Into Air
With Teddy, Jr.

Washington, April 24.—Theodore Roosevelt Jr., Capt. Fitzgerald Lee, the President's aide, and Captain Chandler, pilot of the war balloon which made an ascension Wednesday were all exceptionally reticent in talking about the trip last night.

The balloon went up about 1 o'clock, and came down shortly after 5 in Delaware City. The party reached Washington at midnight, tired, tagged out and not inclined to talk.

It was learned that the trip was far from satisfactory. It is said that it was a series of alarming experiences. According to the stories told around the War department yesterday young Roosevelt suffered from balloon sickness. At the very outset the balloon careened against an embankment and tore through the telegraph wires. For a moment the danger was acute. When it sailed skyward later and land obstructions were cleared, it is said that the President's son suffered from nausea.

Then the giant air craft was surveyed through powerful telescopes as it traveled over Baltimore. Young Roosevelt was seen hanging on supporting guy ropes, while Captain Lee was equally buttressed from the uncertainties of aerial navigation.

According to the stories, when the balloon showed a tendency to sheer out toward the ocean Theodore Jr. was much perturbed and advised an immediate descent.

The landing of the balloon, according to reports, was rough and dangerous. The anchor caught a tree and then tore loose. Later, when the air rip was opened the balloon sagged to the ground and Captain Lee jumped out, but in his haste he sprained his ankle. Theodore Jr. was about to follow him, when the air craft, freed of some 160 pounds in weight, bounded back in the air and young Roosevelt had to return to the basket, out of which he was half way. A landing was made later.

All efforts to get Captain Chandler, or Captain Lee, or young Roosevelt to talk about the trip were futile. In fact, Captain Lee is laid up with a sprained ankle, and Theodore Jr. was recovering from his illness. Captain Chandler would not discuss the trip further than to say it was a great success.

It is not considered likely that there will be another ascension soon where the President's son or his military aide will be passengers.

ROBBERS

Marched Cashier to Bank. Forced
Him to Unlock the Vault and
Give Them \$4,000.

Louisville, Ky., April 24.—Masked robbers raided the telephone exchange at Baudana in western Kentucky, and then compelled the cashier of the Ballard bank to go to the bank, open the vault and give them \$4,000. They escaped.

HEROIC WOMAN

Attempts to Save Life of Parents—
Rushes Into Burning Building
and Perishes.

Corry, Pa., April 24.—In a vain effort to save her aged parents, Mr. and Mrs. David Wetherbe of Centertown, from death in a fire, Mrs. Arthur Lemm rushed back into the flaming building from which she had escaped early Friday morning, and died with them. Arthur Lemm was fatally burned.

ANDY MADE GOOD.

Akron, O., April 24.—Andrew Carnegie fulfilled his offer to Buchtel College made three years ago to give \$25,000 for a science hall on condition that an equal amount should be raised by the college. The college will build a three-story chemistry laboratory at once.

NERVOUS DEBILITY

Mrs. Elmina Seip, Allen-town, Pa., 75 years old, was subject to weak spells until she was cured by DUFFY'S PURE MALT WHISKEY.

Mrs. Seip has just written the Duffy Malt Whiskey Co. as follows:

"I am 75 years old and was subject to weak spells, and when they would attack me I did not know what to do, so I sent for a bottle of DUFFY'S PURE MALT WHISKEY, and after I used your medicine a while I felt a change for the better. I have used it constantly as prescribed, until now I am healthy and strong."

"I have used many medicines, but never saw such a change or felt such a change as I did when I used DUFFY'S PURE MALT WHISKEY."—MRS. ELMINA SEIP, 715 Liberty St., Allen-town, Pa.

Thousands of unsolicited letters of gratitude like this of Mrs. Seip are received from grateful patients who are anxious to extol the merits of this great life-saver—DUFFY'S PURE MALT WHISKEY.

Duffy's Pure Malt Whiskey

is an absolutely pure distillation of malted grain; great care being used to have every kernel thoroughly malted, thus destroying the germ and producing a predigested liquid food in the form of a malt essence, which is the most effective tonic stimulant and invigorator known to science; softened by warmth and moisture its palatability and freedom from injurious substances render it so that it can be retained by the most sensitive stomach.

If you wish to keep young, strong and vigorous and have on your cheeks the glow of perfect health, take Duffy's Pure Malt Whiskey regularly, according to directions. It tones and strengthens the heart action and purifies the entire system. It is recognized as a family medicine everywhere.

CAUTION.—When you ask your druggist, grocer or dealer for Duffy's Pure Malt Whiskey be sure you get the genuine. It's the only absolutely pure medicinal malt whiskey and is sold in sealed bottles only—never in bulk. Look for the trademark, the "Old Chemist," on the label, and make sure the seal over the cork is unbroken. Price \$1.00. Illustrated medical booklet and doctor's advice free. COURT NEWS

Fined for Trespassing.
In the case of the State of Ohio vs. Casper Hegy, charged with trespassing and shooting on the premises of Joseph Turanyik, the defendant was brought before Justice Nash Friday morning and on his plea of guilty to the charge, was fined \$5 and costs.

Adjudged Insane.
Mary Viola Brandon, the 15 year old daughter of Mrs. Eugene Ayres, was adjudged insane by the Probate court and was taken over to the State Hospital Friday. The girl has been afflicted with infantile paralysis ever since she was two years old, the disease having retarded the development of the brain. She has been under treatment by physicians in Newark, Zanesville and Columbus, but derived but little benefit.

Adjudged an Imbecile.
Lelah Mills, the 18 year old daughter of the late Thomas Mills of Pataskala, was adjudged an imbecile by the Probate court, and application has been made for her admittance to the Asylum for Feeble Minded. The young woman can not even tell the number of fingers on her hands or the number of days in the week, and can only read the most simple children's stories. She has no interest in anything transpiring around her. The case is a very sad one.

Reply to Answer.
In the case of John H. Meanor vs. Charles J. Graef, the reply of E. V. McCament and L. McCament to the answer and cross petition of William F. Graef, has been filed. They deny all the allegations in the first and second causes of action of the defendant, William F. Graef, for want of knowledge. J. V. Hilliard, attorney.

Amended Answer.
In the case of Margaret A. Hill vs. Abel J. Wilson and others, the defendants, by their attorney, Jonathan Rees, have filed an amended petition and ask that the petition be dismissed and that they be discharged with their costs.

Notice of Hearing.
In the case of the Advance Glass Company vs. the Utica Enterprise Glass Company and J. H. Kirkpatrick notice has been served on the plaintiff that a motion to modify and dissolve the injunction in the case, will be pressed for hearing on Saturday, May 25th. Fulton and Norpells, attorneys for J. H. Kirkpatrick.

Ditch Hearing.
In the matter of the county ditch improvement No. 14, petitioned for by Margaret M. Warner and others to straighten the North Fork of Licking river, near St. Louisville, the petition and the bond were filed in the case, and the county auditor set the date of hearing by the county commissioners for the 9th of May, at 9 o'clock, at the place of beginning.

Well Known Brokerage Firm Goes to the Wall—Will Not Affect the Markets.

New York, April 24.—The suspension of the firm of T. A. McIntyre & Co., was posted at the New York Produce Exchange this morning, and Arthur R. Peck of Syracuse, was appointed assignee. The firm is one of the most prominent in the stock, cotton and grain markets. It held membership in many exchanges and had branch offices in a large number of cities. It is not believed, however, that the markets will be seriously affected by the failure.

NEW SKIN REMEDY

Creates Big Stir; Drug Stores Crowded With Sufferers.

For several weeks past Frank D. Hall's and other leading drug stores in this city have been crowded with persons desiring a supply of poslam, the new cure for eczema. This is the drug which has created such a stir throughout the country since its discovery one year ago.

For the convenience of those who use poslam for pimples, blackheads, blotches, red nose, acne, herpes and other minor skin troubles, a special 50-cent package has been adopted, in addition to the regular two-dollar jar, which is now on sale at all leading drug stores.

In eczema cases, poslam stops the itching with first application and proceeds to heal, curing chronic cases in two weeks. In minor skin troubles, results show after an overnight application. For a free experimental sample, write direct to the Emergency Laboratories, 32 West Twenty-fifth street, New York City.

ARE you about to entertain—to give a party or a dance, have a few friends in? The Edison Phonograph fits in with any scheme of entertainment—it will as readily furnish an entire programme for a vaudeville entertainment as for a concert of grand opera selections. It will provide all the music for a dance as easily as for a concert of band or orchestral music, or you may combine a little of each and give your friends the most delightful entertainment imaginable.

If you have not heard the new Edison model with the big horn, go to the nearest Edison store and hear it, or write to us for descriptive booklet.

May Records Out Tomorrow

LOOK over your Records and then look over this list and see if there is not at least one new Record that you would like to offer your friends or to entertain yourself. If you hear one you will hear them all, and if you hear them all you will buy more than one.

AN AGE OF PROGRESS

In Medicine as Well as in Art and Science.

This is an age of progress in the world of medicine as well as in arts and science. This is demonstrated by the remarkable discovery after years of research by two eminent French chemists of the process by which the curative, medicinal elements of the Cod's Liver may be separated from the oil, thus getting rid of that nauseating part of this valuable remedy.

In Vinol modern science has given to the world a most delicious cod liver preparation without oil made by a scientific, extractive and concentrating process from fresh cod's livers, combining with peptonate-of-iron all the medicinal, healing, body-building elements of cod liver oil, but no oil.

As a body builder and strength creator for old people, delicate children, weak, run-down persons, after sickness, and for Chronic Coughs, Colds, Bronchitis, and all throat and lung troubles, Vinol is unexcelled.

No one wants an old-fashioned cod liver oil preparation or emulsion after once tasting delicious Vinol.

Now Using Newspapers.

The Civic Improvement Committee of the Federation of Women's Clubs, of Grand Rapids, Wis., recently appealed to the Washburn-Crosby Co. to remove the painted signs and advertisements of GOLD MEDAL FLOUR from walls, etc. The company promptly acceded to the request of the committee and assured the clubs that there was no intention to thwart or hinder the efforts to beautify the city. Gold Medal is now advertised in the newspapers.

It Might Have Been Worse.

When it takes 18 innings to run up a score of 2 to 1, you are going some, and a little more stick work on our side will put us way ahead in the race. The fielding was fine, but no finer than those shoes and oxfords that Howell Sheldon sells for \$2 and

ITEMS OF INTEREST TO S. S. WORKERS

It will be of interest to all Sunday school workers in Licking county to know that the coming county convention will be held at Hebron Friday and Saturday, May 22 and 23, promises to be one of the best ever held in the county. The committee has been unusually fortunate in securing speakers of wide reputation. Programs and full announcements will be out soon. Those at the head of the county association are making a great effort to secure for Licking county, a banner at the state convention at Toledo in June. Why should it not have one? It stands at the front in many other respects.

ROOSTER

PUTS THE NEPPS TO FLIGHT AND IS NOW MASTER OF THE SITUATION.

Louisville, Ky., April 24—No more attempts will be made by the Hepp family to discipline the Hopp rooster. The bird has finally put Joseph Hepp Sr., out of business and all the Hepp steer clear of the savage bird. The other morning he flew into little Joseph's face because the child had picked up one of his hens. He gashed the child's face badly.

That night Joseph Hepp Sr., was told of the rooster's actions, and he went out to cut his spurs. The chicken-leer leaped at him, however, and dug his face so viciously that Hepp ran bleeding into the house. Now the rooster crows from 4 a. m. until noon.

M. E. INGALLS, RAILROAD MAGNATE, CANDIDATE FOR UNITED STATES SENATOR

Though He is Not Out in the Open, Like Ex-Governor James E. Campbell.

Are the Vanderbilts to Have Another United States Senator of Their Own, to be Furnished by Ohio?

Columbus, O., April 24.—Are the Vanderbilts to have a representative in the United States senate from Ohio? This is the question that forcibly suggests itself to thinking Democrats who have noticed the movement going on over the state regarding the endorsement of a candidate for United States senator by the coming Democratic state convention. A majority of the counties that have held county conventions have endorsed former Governor James E. Campbell. A number of other counties where no endorsement resolutions were adopted report that the majority of their delegates are for Campbell's endorsement at the state convention. Campbell is a candidate cut in the open, as everybody knows, and the Democrats over the state who have taken interest in his candidacy are proud of the fact.

But it was observed that in certain counties through which the Big Four railroad passes resolutions endorsing Campbell were either smothered or voted down. The reason for this is plain since it has become known that M. E. Ingalls, of Cincinnati, president of the Big Four road, is a candidate for senator, though no public announcement of the fact has been made, and it has evidently been the plan to keep his candidacy as secret as possible for the present.

To head off the movement for the endorsement of Campbell by the state convention, which has become so wide spread over the state, a certain Co-

lumbus newspaper has been proposing to foist a plan on the party to hold primaries on election day to decide who shall be the Democratic candidate for senator. Every man of sense knows that this would be attended by a large expense which would have to be paid by somebody. As ex-Governor Campbell is a poor man he has no money to meet such an expense. But as M. E. Ingalls is a wealthy railroad magnate, the representative of the Vanderbilts and manager of their lines in Ohio, it is plain that ample funds could come from that source to meet the expense for the judges and clerks who would be engaged in the work of holding the primaries in the townships, wards and precincts of the state.

The Democratic party will be utterly powerless to organize and conduct such primaries on election day, for it is often a difficult matter to obtain enough volunteer Democrats to do the necessary work for the success of the party at the polls.

But a man possessing immense wealth and the resources of the Vanderbilts could readily supply the funds for employing judges and clerks to conduct primaries in all such precincts that could be carried for the railroad magnate.

It is a monstrous scheme, and it is no wonder Democrats are becoming exercised and are seriously asking the question whether Ohio is to furnish the Vanderbilts with another representative of their interests in the United States senate.

STRANG, WITH ITALIAN CAR WON BIG AUTOMOBILE RACE AT BRIARCLIFF COURSE

Briarcliff Manor, N. Y., April 24.—It was exactly 5:07 a. m. when Starter Fred Wager, counting backwards, shouted, "Four, three, two, one," which sent Sartori in a Bi-anca car away and started the 256 mile automobile race for the Briar Cliff trophy cup.

It was exactly 5:28 when Watson the 224 and last starter, in a Simplex got the slap on the shoulder which sent him away and the race was fairly on.

Since dusk last night speed enthusiasts by the score had been flocking to the course and packing every point of vantage about the circuit. Thousands of automobiles chugged their way to the scene of the race last night, and the flash and flicker of the lights on the machines, together with the camp fires of the merry parties bivouacked about the course, presented a scene of theatrical picturesqueness. It is estimated 200,000 persons are packed in the scores of specially constructed grand stands and along the various points of vantage. Long before the stars ceased to twinkle the boxes in the main grand stand were filled with a gathering of well known auto lovers and society folk and when the dawn finally broke on a perfect spring morning it revealed a wonderful scene of life and color.

Though the race was carded to start at 4:30 the crowd about the starting line was so dense that a half hour's work was required of the officials and deputy sheriffs before the course could be cleared sufficiently to permit the start.

Each of the crews received a volley of applause as they wheeled up to the scratch, but the ovation of the morning went to Barney Oldfield when the track champion, in a huge green Simplex and bearing the hoodoo number "13" moved up to the mark. But while Oldfield was the popular favorite, the experts who were not playing their sentiment picked Cedrine in the

Fiat as the most likely winner. It was 31 minutes after the last car had been sent away when a bugle blast and a long drawn cry of "Car coming," announced the approach of the Isoita car, driven by Strang, the first to complete the first lap.

The Simplex driven by Watson, met with the first accident of the race, striking a post near Eastview. The car was so badly damaged that it was

dragged to one side out of the way, but neither Watson nor his mechanic, Cotter, was seriously hurt.

The first thrill of horror was sent through the stands as the last of the cars finished the first lap, when the news was brought to the judges that the bridge over Murray's creek had weakened and that the next car might plunge through it. Carpenters were rushed to the point and all cars were slowed down until repairs were made.

During the early hours the following casualties were reported as the result of the auto race:

A. Smith Hopkins, superintendent of the Eastview almshouse, dropped dead of heart disease as a result of excitement just before the start.

W. Watson, driver of Simplex, jarred internally and big toe broken when his car overturned. Henry Wilcox, spectator, run down car near start, right leg broken.

Washington I. Kirkpatrick fell down bank while watching race; left ankle broken.

Mrs. Chas. Uherson badly burned when husband's auto caught fire in a garage near the starting place.

Briarcliff Manor, N. Y., March 24 Taking the lead on the first lap of the race, Lewis Strang, driving a 59 horse power Isoita, won the 256 mile race for the Briarcliff cup today in five hours, 14 minutes and 13 1-5 seconds. Cedrine, the favorite, made a desperate drive at the finish, but he was able to finish only second.

SAYS MANY MEN NEED PRESCRIPTION.

If you want to be strong, vigorous and full of bounding health, and to enjoy to the fullest extent the great natural functions which nature endows all mankind, then you should follow the treatment outlined by one of New York's most prominent and successful practitioners: one who has grown wealthy by treating the dissipated members of the select and wealthy classes.

The treatment is said to have acquired a wonderful reputation, even in the hospitals and private sanitariums throughout the east, owing to its peculiar propensity to fortify the nerve force and generate health and a consequent personal magnetism, so essential to the happiness of every normal human being. It is claimed to be a blessing to those who are physically impaired, gloomy, despondent, nervous, and who have trembling of the limbs, dizziness, heart palpitation, cold hands and feet, insomnia, fear, without cause, timidity in venturing upon a general inquiry to act rationally as others do. Also of vast benefit to writers, professional men, office workers and the victims of nervous prostration, and of all ailments in wines, liquors, etc.

By preparing the treatment at home secretly, no one need know of another's trouble, while the ingredients are much used in filling various prescriptions, so that even the purchase of them separately need occasion no publicity. Some druggists may not have all of them in stock but can easily obtain them from wholesale firms who supply the trade with pure concentrations and extracts.

If the reader decides to try it, get three ounces of ordinary syrup up Sarsaparilla Compound, and "one ounce compound Fluid Balmwort," mix and let stand two hours; then get "one ounce compound essence of Sassafras" and "one ounce Tincture Cadomene"; mix all together, shake well and take a teaspoonful after each meal and one at night. If convenient also take a hot salt water bath nightly to promote the quickest action by improving the circulation.

PHYSICIANS DISCUSS NEW THEORY

Cooper's Views of Human Stomach Noted by Medical Men.

A recent article in the New Orleans Item gives an account of the effect upon the medical profession of that city with regard to L. T. Cooper's theory that the human stomach is responsible for most ill health. The article is as follows:

"The astonishing sale of Cooper's preparation in this city has now reached such immense figures that the medical fraternity have been forced into open discussion of the man's theories and medicines.

"The physicians seem to be divided with regard to the young man's success in New Orleans—some being willing to credit him for what he has accomplished, while others assert that the interest he has aroused is but a passing fad that will die out as quickly as it has sprung up.

"In a statement recently obtained from a well-known physician of this city, the position of those in favor of Cooper is well voiced. The doctor said: 'I am not a believer in proprietary medicines, but I must admit that some

of the facts recently brought to my attention concerning this Cooper medicine have gone far toward removing the prejudice I had formed against them when I first heard of Cooper's new ideas and medicines.

"Numbers of my patients whom I have treated for chronic liver, kidney and stomach troubles have met me and stated that Cooper's medicine has accomplished wonderful results for them. I notice particularly in cases of stomach trouble that the man has relieved several cases that were of years' standing and proved very obstinate to treatment.

"I do not wish to stand in the way of something that may be for the public good, simply through professional prejudice, and I am inclined to give Cooper and his preparations credit as deserving to some extent the popular demonstration that has been accorded them in this city."

We sell the Cooper medicines. They are proving remarkably successful throughout the entire United States. City Drug Store.

ANNUAL SMOKER

OF BOARD OF TRADE, HELD ON THURSDAY EVENING, GREAT SUCCESS.

Directors Elected, Splendid Luncheon Served and Number of Interesting Addresses Made.

The Newark Board of Trade's annual smoker and dinner, given Thursday evening at Assembly hall, was a complete success, there being in the neighborhood of 100 guests present.

A disappointment was given the program committee late Thursday, when it was learned that Secretary Bassell, of the Columbus Board of Trade, who was to have delivered an address, had been attacked with illness and could not be present.

Local talent was pressed into service, with the result that a number of highly interesting addresses were made and enthusiasm aroused in Newark's interest.

The reports of the officers were heard the first part of the evening and were followed by an elegant lunch served in the inimitable style of Kuster & Co's caterers. The menu follows.

Roast Beef
Lobster Salad
Boston Baked Beans
Radicines
Pickles
Claret Lemonade
Coffee
Cakes
Cigars.

After the lunch the guests returned to the main floor of the hall and the election of directors took place after which addresses were delivered by various visitors and members of the board.

The directorate chosen for the ensuing year consists of several former directors whose service was so generally appreciated that they were kept on the board, which was elected on Thursday night as follows:

W. L. Prout, Carl Norpell, A. C. Davis, S. F. Van Voorhis, P. P. Kennedy, F. C. Evans, I. M. Phillips, W. H. Macey and W. Montgomery.

Possibly the most appreciated address of the evening was the encouraging remarks of Mr. H. C. Jewett of Aberdeen, South Dakota, who is at present visiting at the home of Mr. and Mrs. F. P. Kennedy. Mr. Jewett is a former Newark boy whose loyalty to his home county is shown by his annual visits here. He spoke for a few minutes on the possibilities of an organized body whose business it is to boost a town and cited the Aberdeen Commercial Club, of which he was formerly the president, as an example. Mr. Jewett stated that the club is forcing itself to the front in everything that will act to the advantage of its city and has built up a large membership, owns its own building, features a business men's noon-day lunch, and is now engaged in paving the streets of Aberdeen. The club has been in existence about four years.

Other speakers of the evening, who offered suggestions for the growth of the Board of Trade and the city of Newark, were J. D. Simkins, superintendent of schools, the Rev. L. C. Sparks, Judge C. W. Seward, A. C. Davis, Carl Norpell and Dr. J. P. H. Steadman.

On motion of Mr. Davis, in concluding his speech, it was unanimously decided to increase the annual dues of members to \$10 instead of \$5 which has been the fee heretofore. The reason for this is that the board is in great need of a broader financial basis in order to properly carry on its work, particularly advertising the advantages of Newark and conducting proper investigation into the possibilities of our city.

The reports of President W. L. Prout and Secretary J. M. Maylone, which were submitted during the evening are published below in full and are interesting as well as instructive.

President's Address.

I congratulate the members of the Newark Board of Trade.

First, on the increase of membership, during the year just closed; also on its many achievements in the past.

That the Board of Trade in the past has contributed a large share toward the prosperity we have recently enjoyed, goes without saying. Several of the most substantial industries in our community have been introduced and fostered by your efforts.

It occurs to me that few of us, not actively engaged in the work, appreciate the magnitude of the possible activities that a Board of Trade, such as ours, may engage in and the amount of effort and time that is necessary to bring to a successful issue any object for the benefit of our beautiful city.

Those who attended our last annual meeting will recollect that many members spoke in favor of employing a secretary at a salary that would justify him in devoting all his time to the interests of the Board. About the middle of the year we were able to secure the services of Mr. J. M. Maylone. Since he took up the work the board has been much more active than previous to that time, and a large degree of credit is due him for what has been accomplished. I feel that I am voicing the sentiments of the members when I say that he has proved to be the right man in the right place.

Along this line let me add that I feel that a mistake was made in the selection of your president last year, and sincerely hope the present election will result in the choice of a more efficient person for this important office for the ensuing year. Your retiring officer will feel more at home working in the ranks. He will be willing to do his share to advance the interests of the board in that position whenever he is called upon.

I cannot say too much in regard to the untiring co-operation of nearly all of the members of the board of directors. They have freely given of their time and money whenever called upon and much that has been done was accomplished through their unselfish efforts.

Secretary J. M. Maylone next read his report, which we are pleased to publish in full.

Secretary Maylone's Report.
The close of the fiscal year, and the beginning of the new, finds the Board of Trade in good shape for the many lines of work in which it is engaged, and which it is peculiarly fitted to do, by reason of its organization, and the readiness of the public spirited men in its membership to aid any cause that makes Newark a better place to do business in, a better place to own property, and to live in happiness and content.

In common with commercial associations generally, the spirit of liberal conservatism prevails in the Board, and it is endeavoring to make progress along conservative lines. Its activities, extending in many directions, have made themselves felt for the betterment and advancement of the community.

A campaign for new industries has been carried on the past year through the medium of a press clipping bureau, and many inquiries regarding the city's advantages have been made, and have had full consideration, and prompt replies. Only two industries have been secured, not large ones, but promising good for growth and permanence. One has leased ground, with an option to purchase, and the people are here to begin operations. The other will be started in the near future.

Your secretary is of the opinion that it is wise now to seek after the smaller industries, to get a great variety of products, if possible. The state of the money market for the past six months, prevented the closing of some deals that looked good, and we hope to take them up again soon.

Much time, and some considerable money, have been used in having an act passed the Legislature to reconvey the encampment grounds. We could not bring suit against the state, and this was the only way to have the reverting clause in deeds made available. But we now have the title, the house and some of the grounds rented, and will get full possession October 1. This, alone, is a good year's work.

The membership has been built up from 109 to 250. This is perhaps more than the average of Ohio cities of our class, showing that our businessmen are in sympathy with our work. But this board was organized on too economic lines. We do not get sufficient funds to go the work and the advertising that should be done. Our dues are only one-half those of cities of our size, indeed of much smaller ones. Ironton, population estimated at 17,500, has 200 members, dues \$12 per year. Mansfield, dues \$10. Wheeling, 50,000 has 400 members dues \$10. Many cities also charge an initiation fee, some \$25.

In looking after the city's interests the directors, and a number of the members, have repeatedly visited Columbus, paying their own expenses. This is hardly fair and the association should be placed on a better financial footing.

The board has had donated some

twenty town lots, worth perhaps \$3500, and, with the encampment grounds, worth fully \$40,000, the board has some valuable assets.

You also have a five acre tract, donated by the Schendler heirs, for factory sites, available as soon as industries can be obtained.

Close attention has been given to the work by your board of directors, they holding a meeting every Friday evening. I desire to thank them for their very cordial support in my work. The president and myself attend all meeting of the City Council, have met with the county commissioners a number of times, conferred with the mayor and other city officials, all of whom have given cordial support to our efforts. Of course our work in these directions is purely advisory, but we feel that much good has come from these conferences.

Some matters to which the board is now giving attention are a new postoffice building, a public library, probably housed in the Memorial building, subways under the railways, bridges, trolley lines, etc.

Two years ago a bill was introduced in the Legislature to permit the city to fill up the canal bed, from First to Sixth streets. It was referred to a committee, but was never reported. This winter we had it introduced again. We brought the committee to Newark, to see the ruins, and they reported the bill, recommending its passage, but that has not yet been done.

However, another suggestion has been made, meeting much favorable comment, and that is to make a park of the canal, retaining the water by cement walls, and placing trees, grass, plants and flowers along the banks. It surely would be beautiful, and the expense possibly less than filling it up.

In the longest game ever played at Wehrle park, the Lancaster and the Newark ball teams of the Ohio State league battled for three hours Thursday afternoon, and 18 innings were played before the final run was counted. Lancaster won the game two to one after getting their first score in the third inning, when Carter made a home run. Newark tied them up in the sixth and the battle raged fiercely until the 18th when a three bagger and a squeeze play won the game.

The opening day in the Ohio State league was a queer mixture of clouds and sunshine, with the cloud effect predominating until about 3 o'clock when a light rain fell. Then the sky cleared and an ideal base ball day developed. Nothing could be heard all morning except baseball, and catching the spirit of the day, many of the merchants around the square decorated their places of business with flags and bunting.

At noon Marsh's Military band in full uniform marched around the square and stopping in front of the Elks club, played several selections while the players renewed acquaintances and made new ones. Shortly after 1 o'clock the auto parade, headed by Channing Thompson and Warren Brown in Mr. Thompson's racer, and followed by the band, took up the line of march. Immediately behind the band Mayor Herbert Atherton rode in a runabout, and following him came the police patrol with Captain Bell and a squad of patrolmen aboard.

Manager Bob Berryhill in a runabout followed and behind him came Manager Fox and the Lancaster team. Bringing up the procession came the Molders in their new white uniforms. The procession, after making a tour of the principal streets, came to a halt in front of the Elks

second while he was being thrown out at first. Locke soaked a cloud buster and Calhoun pulled it in. Then "Pinch Hit" Gygli wandered up to the plate, looked things over carefully and after deciding on just what he wanted from White's assortment of benders, ne connected for a beautiful triple. Abbott scored but Gygli died for Wratten put one up that White raked in.

In the seventh it looked or a moment as though the Lancaster boys would hop across the plate again, for with one dead one, Gowdy tripled. Piper walked confidently to the pan, switched his chew of plug from port to starboard, and swung at a good one. He connected, and the horsehide bounded away in Dowling's direction. The Kid thought fast and threw accurately to Burke to shut off the possible run. Gowdy turned for third and Burke relayed the ball to Wratten, letting his thought factory work over time, suddenly he jumped out of Gowdy's way. The red headed first baseman, thinking the coast was clear lunged for third. He reckoned without his host, for Burke, with a quick whip sent the ball to third and into the hands of Dowling who touched him out.

The game pounded into extra innings and several times it looked as though both sides would score, but fast fielding and clever pitching blasted the hopes. In the twelfth, with two men out Piper tripled but there was nothing doing, for White dumped out to Gygli. Again in the fifteenth it looked as though the Lancaster lads would cross, for with two men out Brown tripled, but Humphries sent one out to Snyder with his compliments. Lefty accepted it gracefully and the boys, defending the honor of the Fairfield county capital, were sent out to graze for a while longer.

In the sixteenth the fans took a new lease on life and cut loose with their noise organs, for the head of the Molders batting list was up, and according to Hoyte there should be something doing. It had been predestined that this game should not stop at this time, and Doc Abbott went out to first; Snyder walked, Locke grounded out and Gygli gave Yost some exercise. Yost likes to work, and after a little run he took Gig's effort into camp.

In the eighteenth, when it was almost too dark to see the ball at all, Brown decided the contest by triple cracking. Humphries struck out and the fans breathed easier. Heller, who had gotten but one single all day, was responsible for the squeeze that scored Brown. He dumped the ball to Murray who shot it to Gygli and Brown scored. Calhoun grounded out.

In their half of the inning Newark went down in rotation and the longest game played in America this season came to an end. It took just three hours of nerve racking, heart breaking work to sew this contest in the Lank's pocket, and as pretty a game as was ever seen at Wehrle park gave the Lanks the much coveted 1,000 percent to start the season with.

Home run: Carter.
Struck out: By Locke 6; by White 11.
Bases on balls: Off Locke 1; off White 3.
Stolen bases: F. Locke, Gygli, Murray.
Sacrifice hits: Snyder 2, Heller.
Umpire: Sheldon.
Attendance: 2,500.
Time of game: Three hours.

BENCH NOTES.
Guess that is going some.
What knocker said there would be no ball in the Ohio State league this year?

White is a great twirler and will win many games for the Lanks this

year if he pitches as he did yesterday. Uncle Joe Locke demonstrated one thing to the full satisfaction of the fans, that he has the same steady head he always had. Even though he was pounded all over the lot, it never rattled him for a minute.

Both teams looked mighty nice in their new uniforms. The Lancaster boys goth theirs as they came through Columbus in the morning. Quite a crowd of fans accompanied the Lancaster team. They were a happy bunch when their team annexed the game.

The car service, both on the interurban and the city lines was very satisfactory and the large crowd was handled in the best of style. There were no delays and the grounds were emptied rapidly.

Catcher Piper donned shin guards during the game. The Lank backstop is the first to wear them on the Newark grounds for a long time.

Calhoun made a great running catch of Murray's fly to left in the second inning. Carter's homer in the second inning went to deep center and before the ball could be relayed as far as second the fast right fielder scored.

Gygli's three bagger to right that scored Abbott was a beauty.

Murray made a nice steal to second in the seventh. The whole Lank team was pulling off a Rip Van Winkle at the time.

A hard shower came up in the seventh but neither team left the field and the sky cleared nicely.

Carter who reached first on a fielder's choice in the tenth, tried to steal on Burke. The Wheeling lad, who caught a beautiful game, made a pretty peg to second and Murray caught the runner out.

Murray made a wonderful stop of Humphries' drive-in the eleventh and threw his man out at first.

Calhoun and Snyder had a busy day in left garden. While Calhoun was pulling in six drives Snyder had eight put outs to his credit. Neither man had an error.

Both Locke and Yost had seven putouts in middle field during the game.

Murray had a busy day at second, getting seven putouts and six assists. Gygli had 18 put outs, one assist, no error and three hits. He rang in a stolen base for good measure.

The directors of the baseball company wish to thank through the Advocate the business men that closed their stores yesterday, the men that furnished the automobiles and the police for their presence at the park during the game.

The crowd was very orderly yesterday, and no roughness marred the game for the spectators present.

Umps Sheldon gave general satisfaction, though he was off on balls and strikes.

Marion 6, Mansfield 2.

Marion, April 24.—Clouting the ball all over the lot, the Diggers took the opener from Mansfield Thursday. 6 to 2, before a great crowd. In the third Tate's triple started the scoring. Marion got another in the next on doubles by Burk and Farrell. Lotshaw put one over the fence in the next, scoring Tate who made the only Digger single.

Mansfield got one in the fifth on Wolfe's error and Lloyd's single. One more came in the ninth on Kettler's single. Burke pitched a great game. There was a parade with band and an address by Mayor Scherff before the game. Score:

R. H. E.
Marion 003120000-6 7 2
Mansfield 000010001-2 4 1

Runs: Farrell, Wolfe, King, Tate, Lotshaw, Burk, Channel Gorman. Two base hits: Farrell, Burk, Wilson. Three base hits: Lotshaw, Tate. Home run: Lotshaw. First base on balls: off Burk 4, off Phelan 3. Hit by pitcher: King, O'Day. Sacrifice hit: O'Day. Stolen bases: Farrell, O'Day, Flood, Biery. Struck out: by Burk 3, by Phelan 2, by Lloyd 3. Hits: off Phelan 1 in 2-3 innings. Umpires: Handboe and Milligan.

Springfield 5, Lima 5.

Springfield, April 24.—The Ohio State league season was opened here Thursday with a 13-inning contest which was called on account of darkness with the score tied. Both teams put up a splendid article of ball and there was some opportune hitting. Doyle was invincible except in the sixth and ninth innings. Two hits and two errors gave Lima two in the sixth and three hits and an error netted three in the ninth. Linke saved himself by hitting for a triple, scoring two runs. Spencer's hitting and a sensational one-hand catch by Burt were the features for the locals.

WOOL GROWERS ARE CAUTIONED

Mr. C. W. Martin is just in receipt of a letter from Horkheimer Brothers dealers in wool at Wheeling, W. Va., saying in part:

At a meeting of the Tri-State Wool Growers' Association held in Wheeling in February, a resolution condemning the use of sisal or binder twine for tying up wool was passed. The alarming increase in the use of this class of twine has caused manufacturers to take a desperate stand against same. Wool tied with this twine will in future be rejected, as the manufacturers cannot eliminate the loose fibers from this objectionable twine from the wool in manufacturing and the damage caused to goods is in excess of the value of wool used.

At the same time we wish to call your attention to the excessive use of twine. Of late years some farmers use a very heavy twine, almost a fleece, besides using on one fleece a sufficient quantity for three fleeces. Two moderate strings each way are enough for any fleece. Manufacturers give foreign wool a preference over our domestic fleeces, not so much on account of quality as on net results.

The states of Ohio, West Virginia and Pennsylvania have for years past acquired a reputation for the quality of wool produced. The flocks of these states are especially adapted for sheep raising and we believe it to be of mutual interest to the grower, dealer and manufacturer, for the wool grower not only to tie his wool neatly with a moderate sized twine, but to put up his wool honestly, keeping out all objectionable matter frequently found in fleeces.

THIS AND THAT

That was a great game Thursday.

Commencement season and pretty white dresses will soon be in evidence.

The coming of summer is heralded. Vacation money is being put aside.

Guess the fruit raisers are somewhat jubilant over the prospects for a great crop.

Now that housecleaning is on, a young lawyer remarked this morning that he would give something to know definitely every night where his bed is to be.

Well, it looks as if we will soon have another interurban railway.

GAS ON THE STOMACH

OFTEN THE CAUSE OF GREAT BODILY DISTRESS.

It indicates a Feeble Stomach in Which the Food Lies Undigested and Shows Need of Tonic Treatment.

When the stomach is feeble the food lies in it undigested, decays and throws off poisonous gases that distend the walls of the stomach, and cause interference with other organs, especially with the action of the heart and lungs. These gases have other ill effects. They are absorbed by the blood and corrupt it and so cause aches in remote parts of the body and the formation of unhealthy tissues everywhere. General bodily weakness and loss of weight result. The nerves and the brain are disturbed and discomforts such as dizziness, hot flashes, sleeplessness irritableness and despondency originate from this source.

Experience shows that these troubles vanish just as soon as the stomach is made strong enough to digest the food. In other words, it needs a tonic that will rouse it to do the work of changing the food into nourishment. The tonic used ought to be one that will agree with the most delicate stomach.

Mrs. Annie Gwinn, a nurse by occupation, lives at 8189 Vernon avenue, Chicago, Ill. She said recently:

"When I was living in Terre Haute, Ind., some years ago, I was in bad health for some months and did not know what ailed me, only that I did not feel like myself. My doctor said I was suffering with indigestion but he did not cure me.

"I had severe pains in the stomach and could not digest any solid food. I had to diet all of the time and had so much gas on my stomach that it seemed at times as though my breath was leaving me. I was greatly run down in health and lost in weight.

"I decided one day to drop the doctor's medicine and take Dr. Williams' Pink Pills. The first few boxes helped me and I took them until cured. I gained in weight, my digestion became good and I have been in splendid health since. I am glad to recommend Dr. Williams' Pink Pills as they are worth their weight in gold.

The remedy which gave Mrs. Gwinn complete health can be obtained at any drug store or direct from the Dr. Williams Medicine Co., Schenectady, N. Y., at 50 cents per box; six boxes for \$2.50. Every dyspeptic should read "What to Eat and How to Eat." Write for a free copy today.

AMUSEMENTS

AT THE AUDITORIUM.

The Newark and Lancaster baseball teams occupied the boxes at the Auditorium last night, witnessing the performance of Ye Colonial Stock company in the charming Southern play, "The Kentucky Mountaineer." This evening the bill will be "Grit, the Newsboy," a particularly thrilling and interesting melodrama.

ORPHIUM.

Tonight is amateur night at the Orphium and Manager Lawrie has a number of treats in store for those who will attend. He will have four big special acts and expects to put on a turn by one of the popular members of the Lancaster ball team.

Both teams, the Molders and the Lanks, will be present in a body and it goes without saying that there will be something doing when the Lanktown boy comes on for his turn.

Miss Georgia Lewis, who has made such a great hit with the patrons of the Orphium, will have a number of new turns and there is bound to be fun galore when this dainty little comedienne takes possession of the stage.

Don't miss the treat tonight or you will be disappointed when you hear of it tomorrow.

BIG SHOW COMING.

Seemingly the Carl Hagenbeck and Great Wallace shows combined, have outdone themselves this year, judging from the partial roster of the feature acts given below: Les Rowlandes, Goldin Russian troupe, the Matsumotos, Tasmanians, Miao Sisters troupe, Raven Trio Sisters, Doda Royal's peerless exhibition of horse accomplishments, Millie Ginnett Sisters, Roland Sisters, performing animals, Delano troupe, Anita Faber, Lillian Davies, John Swallow and 20 prominent riders, male and female. Two score of clowns have the fun in hand and the biggest circus of them all is coming. The Carl Hagenbeck and Great Wallace shows will be in Newark Friday, May 8.

FRA DIAVOLO.

Tickets are selling fast for the production of Fra Diavolo, which is to be seen at the Auditorium on next Tuesday evening. Although the piece is more in the nature of a romantic opera, it is brimful of fun—good, entertaining comedy—with the two comedy characters, Giacoma and Benpo, members of the banditti, cleverly portrayed by E. Herve Reynolds and Homer Allen, both well known locally for their capacity for fun making.

The House of Greater Values

LET us enumerate the three points which entitle us to this name. In the first instance we unquestionably carry the largest stock of clothing and other merchandise in this locality. Secondly, we have the choice of purchase from the leading manufacturers in each line, and it has been our aim to select only those which we know to be foremost in style, quality, etc. We, therefore, feel that we have a distinct advantage in this respect. Third, the scope and extent of our business and our methods, enable us to retain smaller margins of profit. Summing up these three points it is easy to see that we are entitled to be known as THE HOUSE OF QUALITY. This naturally points a moral:—buy of us and save money.

GRAVES

OF DEPARTED MEMBERS WILL
BE DECORATED BY KNIGHTS
OF PYTHIAS.

Joint Committee to Have Charge of
Program for the Occasion.

It is the custom annually for the members of the two Knights of Pythias lodges of this city to decorate the graves of their deceased members and in accordance with that custom, a joint memorial committee was appointed from the two lodges which met Thursday night and arranged the date for the observance of the custom, and to make other necessary arrangements. Sunday, June 14, was selected as the date.

The committee organized by electing John M. Ankele as chairman, Jesse Grove as secretary, and M. J. Reese as treasurer. George W. Horton was selected as grand marshal, with T. C. Hawkin, William Hupp, G. J. Baker and Dennis Orr as assistants.

Committees were appointed as follows:

On Music, J. M. Ankele and R. W. Shawhan.
Press, C. L. H. Long.
On Flowers, M. J. Reese, William Johnson, E. V. McCament and George Streams.
On Speakers, R. W. Shawhan.
On President of the Day, C. L. H. Long.
On Minister, Wm. Johnson and C. L. H. Long.

It was also decided by the committee to make a change from the usual method of decorating the graves, by which much time will be saved in the exercises. Heretofore it has been the custom to deposit the flowers on the graves just before the program is rendered, and thus delays the rendition of the program nearly an hour. This year the flowers will be placed on the graves by the committee before the time set for the exercises and no delay will be had on that account. To enable the committee to do this work in time the request will be made of all the Knights of the city, who intend to furnish flowers, to have them at the hall of No. 13, made up into bouquets not later than 9 o'clock Sunday morning, June 14.

Greatest Reductions for Saturday and All Next Week

To wind up this glorious month of April with a burst of unprecedented value giving, we have made very special reductions on all lines of spring and summer merchandise. Every department throughout the entire store has joined in the true spirit, with only one object in view—that is, to make this, the last week in April, the busiest of them all. Come Saturday, if convenient, or any time next week and share in these remarkable savings.

\$25.00 and \$22.50 Suits \$18.75

A mammoth shipment of Ladies' Tailored Suits that were ordered for our Easter opening sale have just arrived.

They were bought to sell at \$25.00 and \$22.50, but they didn't arrive in time, and for that reason we place entire lot on sale at a great reduction.

Every suit in the lot is fashioned to appeal to women who desire to dress tasty and inexpensively. Smart style, exclusive fabrics, tailored on lines out of the ordinary from the season's popular fabrics—such as Panamas, French Serges, Herringbone Cheviots—in the newest shades of tan, light and dark-blue, copenhagen, navy blue and black.

Suits will be good the entire season this year, and this is surely a rare opportunity, indeed, to secure a strictly high-grade tailored suit at a great reduction. All in our special lot while they last ... \$18.75
